

MRS. HITE'S ASSAULTS

A Negro Arrested as an Accomplice and a Suspected White Man Has Fled.

GOOD ROADS IN DINWIDDIE

Colored Attendant in the Central State Hospital Arrested for Assaulting a Female Patient.

(Special to The Times-Dispatch.)
PETERSBURG, Va., Nov. 10.—On a warrant issued in Prince George county, Stewart, this morning arrested at his home in this city a negro named Green Brown, who is charged with being an accomplice in the recent criminal assault on Mrs. Henry Hite, near her home, beyond the county courthouse. The county authorities have been vigorously prosecuting their investigations of the fiendish assault, and developments point to a white man, who has left this section, and to Green Brown as his accomplice. What these developments are have not been made public, but they are said to be of a character that points directly to these two men.

GOOD ROADS.
The committee of the good roads mass meeting recently held at Dinwiddie courthouse has completed its report, suggesting a plan for securing good roads in the county which will be submitted to an adjourned meeting of the people of the county, to be held next Monday. A great deal of interest has been aroused by this movement for good roads in the county, but it is stated that any measure looking to the borrowing of money or the increase of taxation for the purpose will be vigorously opposed. The opponents of a policy, say that three roads run through the county, giving great facilities for travel and shipping purposes, and that the necessity does not exist now, as formerly, for large expenditures of money for roads. It is expected that the meeting next Monday will be very interesting.

Dr. James H. Hargrave, a prominent young physician of Prince George, and Miss Mary Elizabeth Peters, a charming young lady of Essex county, will be married in the Baptist church, near Waverly, to-morrow afternoon at 2 o'clock.

BRILLIANT AFFAIR.
The most brilliant wedding of the season in this city was celebrated to-morrow night at 8:30 o'clock, in Tabb Street Presbyterian Church, when Miss Anne Hall Watson will be married to Mr. Harrison M. Woody. The occasion will be a society event of great interest in this section to-day, and a number of degrees of more or less importance were entered.

The condition to-day of Captain P. C. Irby, who was paralyzed on Friday morning, arranging for dining the military and veterans of Mahone's brigade, is somewhat more comfortable to-day, but is very serious. Mr. R. W. De Haven's condition is worse.

The daughters of the Revolution have completed their arrangements for the unveiling of a beautiful tablet to the memory of the patriots of the Revolution in Blandford Church on Thursday. The address will be delivered by Rev. J. S. Foster, and a special musical program has been prepared for the occasion.

ASSAULT ON INSANE FEMALE.
John Daley, one of the colored attendants at the Central State Hospital, was arrested this afternoon on the serious charge of assaulting one of the female patients at the hospital. He will have a hearing to-morrow.

Gillie Oliver, colored, convicted in the County Court of Surry of unlawful shooting, was taken to the penitentiary to-day to serve a term of thirty months. Some apprehension is expressed here that one or more of the Methodist pastors may be sent to another field by the conference, as it is known that influence in that direction has been used by outside interested churches.

(Special to The Times-Dispatch.)

Special Officers Duke, Pettus and Payne, of the Chesapeake and Ohio, and Jones, of the Seaboard Air Line, made the arrests, and were all present at witnesses. Detective Duke believes he has broken up the gang that has robbed several stores at Toano, as well as cars along the railroad.

VADEN CASE POSTPONED

Forty Witnesses on Hand and Surprise and Some Dissatisfaction Was Expressed.

TRIAL OF YOUNG BROOKS

Speedy Disposal of Case of As-sailant of Little Katie Hein-stein Demanded.

(Special to The Times-Dispatch.)
CHESTERFIELD, Va., Nov. 10.—The case against Walter Vaden was not begun in the County Court to-day because of the absence of several witnesses claimed to be material to his case. Much surprise was felt and some dissatisfaction was manifested at the continuance of the case until the next term. Mr. Vaden was indicted at the September term of court for the murder of Robert S. Webster, of this county, on July 16th, last, and at that term the trial was postponed for the first of the following term. From the October term the case was continued until now, on motion of the defense, because Mr. C. L. Page, one of Mr. Vaden's counsel, could not attend court here at that time, and set for hearing to-day.

Much interest has been shown in the case, and at the opening of court to-day the courtroom was well filled with people. Nearly forty witnesses were present under summonses, several of them having been summoned by both sides, but as things begun to take shape for the trial to begin and the names of the witnesses were called, it was evident that several had been summoned and defense were not present.

ABSENT WITNESSES.

Mrs. A. B. T. Watkins, of this county, did not appear because of protracted illness, and the Richmond returned subpoena for Arthur Wigglesworth and Frank Fitzgerald, with the endorsement that these witnesses could not be found in his bailiwick. These witnesses, the defense claimed, were material to its case, and though there was evidence that the two Richmond men could be readily located, and that Mrs. Watkins might attend if the matter of her testimony was very urgent, the court for continuance was sustained, and the case will go over until Wednesday, the 16th of December, the third day of the next term.

The jury, summoned for to-day was continued over until next Tuesday. A special grand jury ordered yesterday, will sit here on Friday, and there is little doubt that one of the criminals to be indicted on that day will be tried Tuesday.

ASSAULT CASE.

The grand jury was ordered chiefly to investigate the case of Ernest Brooks, who is now in jail, charged with assaulting little Katie Heinstein, of this county, as public sentiment gave him proper dispatch. The jail here has been kept under surveillance at night since the young man was imprisoned, and every effort will be made to give him proper dispatch as quickly as possible.

Judge Farrar rendered his opinion yesterday in the matter of finding Isaac Straus for selling whiskey. Finding Hill Park without license, by fixing the fine against Straus at \$50 and costs. This case was first brought before Justice L. W. Clements, who imposed a fine of \$500 on the offender, on the ground of his violating the sample liquor license law, which is the minimum fine for such offense. The case was appealed and at the last term of court the defendant pleaded guilty, but asked that he be fined as a violator of the retail liquor law, and that the fine be reduced. The court reserved its decision until to-day.

William H. Clements yesterday made application to the court for license to retail liquors on Clifton Street extended, and the court granted the license. The applicant, H. Wells, was opposed by Messrs. T. P. Pettigrew, J. G. Loving and a number of citizens of that community, represented by Mr. D. L. Pulliam, and was warmly contested by both sides. The license was refused by the court.

NIMBLE PICKPOCKETS.

Follow Circus Crowd to Train and Rob Them.

(Special to The Times-Dispatch.)
FOREST DEPOT, Va., Nov. 10.—Bar-num and Bailey's circus was in Lynchburg Saturday, and a very skillful band of pickpockets and thieves accompanied the show. The people were mulcted very generally. Two nimble men stood on each side of the steps of the train at the Union Depot of the Northern and Western, relieving them of their pocketbooks as they entered the coach. One of these strange men was dressed in a gray overcoat, and when a passenger got in the coach with his purse in coat pocket, the man was robbed on the platform and a cry of "robbers" had been given before many entered the train, and with a knowledge of the presence of pickpocket, it was difficult to run the great crowd of these willing helpers, and the people in the car stops. About ten persons in one coach had been stripped of their purses.

(Special to The Times-Dispatch.)
NEWPORT NEWS, Va., Nov. 10.—The training-ship Prairie arrived in Hampton Roads this afternoon from Philadelphia under rush orders to coal here and proceed with all possible dispatch to Colon. The Prairie will take on coal to-night and proceed to Colon to-morrow morning. Admiral Dewey and Assistant Secretary Darling will visit the Newport News shipyard to-morrow.

As many of the torpedo boats of the fleet are in Hampton Roads are in readiness will put out to sea to-morrow to meet the forecasted storm in order to test their seaworthiness in rough weather.

KEEP YOUR HEAD UNCOVERED.

The constant wearing of a Hat Propagates Dandruff. There are many men who wear their hats practically all the time when awake, and are blessed with a heavy shock of hair; yet if the scalps of these same men once become infested with dandruff germs, the hair will fall out, and the scalp will be left in a state of chronic itching. Baldness would ensue as the final result. New-bro's Herpicide kills these germs and stimulates healthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure, and contains not an atom of injurious substance. Sold by leading druggists. THE UNIVERSITY BOARD MEETS

Election of President Postponed. McBrady Would be the Choice if Election Occurred.

(Special to The Times-Dispatch.)
CHARLOTTESVILLE, Va., Nov. 10.—The Board of Visitors of the University of Virginia met in regular session this afternoon at that institution, and again postponed the election of a president to an adjourned meeting, the date of which is to be fixed by the rector before continuing to-day.

One of the members stated that if the board did elect, the choice would fall upon Dr. McBrady, of the Virginia Polytechnic Institute.

The Ladies' Memorial Association was authorized to erect at some suitable place at the University a bronze tablet bearing the names of the four hundred alumni and students of that institution who fell in the service of the Confederacy.

The board granted the application of Decourcy W. Thom, of Baltimore, to publish the Lee letters, now belonging to the University.

Five hundred and fifty dollars was appropriated for the purchase of instruments and supplies for the electrical laboratory.

The character of the exhibition the University is to have at the St. Louis Exposition was left to a committee of three, the expenditure not to exceed five thousand dollars.

There is much routine business to be transacted, and the board will probably be in session all of to-morrow.

Charles P. Jones, of Monterey; Judge A. W. Wallace, of Fredericksburg; Eppa Hunton, Jr., of Richmond; Congressman Carter Glass, of Lynchburg; Daniel Harman, of Charlottesville; R. Nelson Moore, of Norfolk; William H. White, of Norfolk; Henry H. Downie, of Front Royal, and R. Tate Irving, of Big Stone Gap.

MR. WILLIAMS' CASE.

Moving Tracks to Commence Excavating a Subway.

(Special to The Times-Dispatch.)
NEWPORT NEWS, Va., Nov. 10.—The Chesapeake and Ohio Railway Company to-day began the work of moving its tracks in order that the work of excavating for the subway, which is to run beneath the tracks from Eighteenth to Twenty-first streets, be started. Before the end of this week the tracks will have been moved and the city force will begin excavating at once.

It is expected that the subway will be in use in three months.

In the Corporation Court to-morrow Judge Barham will hear the unique case of W. McD. Williams against the city treasurer, Captain C. C. Berkeley, representing Mr. Williams, to-day filed a petition for a mandamus to compel Treasurer Curtis to accept his client's poll tax.

Mr. Williams' name does not appear on the list furnished the treasurer by the commissioner of the revenue, and the treasurer holds that he has no right to accept the tax. If the tax is not accepted Mr. Williams cannot vote in the poll tax election. It is said that there are many others in the city in the same position.

H. Grubbs, a Rockets under keeper, who was arrested on a warrant under the Mann law, charging him with selling liquor to minors, was discharged in the Police Court to-day.

ELECTRIC LINE SOLD.

Charlottesville Street Railway Bought in by Local Men.

(Special to The Times-Dispatch.)
CHARLOTTESVILLE, Va., Nov. 10.—The Charlottesville City and Suburban Street Railway Company's holdings in the city and suburbs were sold at public auction to-day at noon for \$40,000 to the only bidder, the holders represented by a committee of three—R. H. Wood, C. J. Hixey and L. T. Hancock. The amount paid is equivalent to from \$3,000 to \$10,000.

The company buying the plant is, of course, entirely local, and home people are glad that the plant, which has been in the hands of the Louisville and Nashville, is now in the hands of local men. It was known that representatives of the Goulds had been in the city, and this report proved entirely erroneous.

The sale includes the property of the railway company, real and personal, consisting of the street railway tracks, with all sidings and connections, the plant, electric plant, etc., to be sold, all rights of franchise and contracts. Valuable real estate was also included. Terms were cash, as required by the deed of the Louisville and Nashville.

The sale was made subject to a mortgage of the Piedmont Construction Company, of the first mortgage bonds, and also subject to lien to secure the payment for the new rails recently bought by the railway company.

LOTTERY MEN RELEASED.

Decision Based on Contention D. of C. Not a State.

(Special to The Times-Dispatch.)
HARRISONBURG, Va., Nov. 10.—Judge Henry C. McDowell, judge of the Western District of Virginia, has granted the demurrer of the defendants on the United States indictments against J. N. Whitley and R. J. Gaskins, for violating the lottery laws. Whitley and Gaskins were arrested here last August for shipping lottery tickets from Dayton, Va., to Washington, D. C. Whitley was convicted in the State courts, and is now serving a six months' sentence in the county jail. Gaskins was acquitted in the State courts, but he, Whitley, and one Roehner, an alleged accomplice, were indicted by a grand jury at Lynchburg in September.

Last Thursday the demurrer was argued before Judge McDowell, and yesterday an order was received from District Attorney Levy from further prosecution by the government. Roehner was never apprehended.

The decision was based on the contention that the District of Columbia is not a State. Whitley's term expires in January.

(Special to The Times-Dispatch.)
NORFOLK, Va., November 10.—Admiral George Dewey, arrived at the navy yard to-day on an official trip of inspection in his capacity as president of the General Board of the navy. He came from Washington on the Dolphin, and was accompanied by Mrs. Dewey. He was greeted with great ceremony, and was accorded an ovation on his old flagship, the Olympia, which he has not visited since returning from Manila.

He reached his wife at the vessel, standing where he did during the battle for her satisfaction. The ship was dressed and the crew called to quarters in his honor. It was the anniversary of his assumption of the command of the Asiatic Squadron in 1897. Last month before the Spanish War, a continuous round of receptions succeeded his inspection of the Olympia, which he may assign to the European Squadron, or else use himself during the winter months.

DOUBLE TRAGEDY.
James Matthews, colored, fired three pistol shots into Laura Davis, colored, in a jealous rage. He then shot himself. Both will probably die.

The heaviest sentence imposed at this term of the United States District Court was that of ten years given Sidney Webb for pension fraud. He was convicted of swindling many poor colored people out of their life savings on a slave pension fake. Odell Williams and Solomon Monroe were each given six years in the penitentiary for postoffice robbery. Frank Moore, charged with collecting the wages of sailors in advance, leaving them paupers at their foreign destinations, was found guilty on six counts to-day and fined \$500.

Thomas H. Wilcox, of Norfolk, and James N. MacLennan, of Suffolk, were each bonded in the sum of \$3,000 to-day as receivers of the Bowen and Street Railway Equipment Company, whose liabilities are now estimated at \$55,000, assets of \$25,000, consisting of locomotives and a machine shop at Suffolk.

THE HYPNOTIC MYSTERY.
